

Fraser

For a refined feel and welcoming character

Also available with Pura Backing™

ECONYL®

Type	Use	Traffic	Mat Matrix
Absorbent	Indoor	High	C

Fraser is a soft, absorbent entrance mat with a lively appearance. The frisé yarn creates a full, resilient pile and a warm look.

Fraser is tufted from high-twist frisé yarn. The piles have a slight curl, creating a textured surface. From a distance, the mat appears uniform; up close, the curl and subtle tonal variations give the surface a lively look. It is made from regenerated ECONYL®.

Fraser feels soft underfoot while providing sufficient resilience for intensive use. The nuanced colour tones fit well in hospitality environments such as hotels, restaurants and reception areas. In these settings, Fraser supports a representative and well-maintained interior image.

PURA^{BACKING}

Pura Backing™ is a unique Rinos product innovation, developed by our R&D department. It's the Rinos answer to increasing demand for more environmentally friendly and sustainable entrance mat solutions by avoiding the use of PVC and plasticisers. Mats with Pura Backing™ meet this requirement – with zero PVC and plasticiser content, avoiding stains on porous subfloors. Thanks to increased flexibility, it is even easier to install!
